

# The Sea

What do you know about the sea? Some people have seen it but others haven't. The sea looks beautiful on a fine sunny day and it can be very rough (狂暴的) when there is a strong wind. What other things do you know about it?

Of course, the sea is very large. In the world, there is more sea than land.

If you swim in the sea, you will know that the sea is salty. Rivers carry salt from the land into the sea. Some places of the sea are saltier than the other places. Do you know the

Dead Sea (死海)? It is so salty that you can't sink when you are in the water! And fish cannot live in it!

I really like the sea. My home is near the sea and I love walking on the beach. Often, after dinner, I like going to the beach with my parents or friends. After sunset, the sea becomes so different from daytime. Walking without shoes feels great, because the sand is so soft. Sometimes, we will play games on the beach or make some sandcastles. It's really funny.
